39,500 Standardization Documents

(28 Different Document “Types”)

Environment

- **Limited Resources For Managing DSP Documents ... Other Services Comparable**
 - **2006 Navy Standardization Budgets Less than 50% of 1996 ...**
 - *Unadjusted for Inflation*
 - **Resource Increases for DSP Not Anticipated ... FY07 DoN Budget Shortfall**
 - *Much Competition For Limited Resources*
 - *Focus on Product Delivery & Support*
- **Significant Workload**
 - **~ 10,000 Dept of Navy Prepared DSP Documents**
 - *Plus Review Interest in ~ 4,400 Documents Managed by Other Services/Agencies*
- **Priorities Undefined**
 - **Most Important Issues/Processes/Documents Not Established ... Services/SYSCOMs Determine For Themselves**
 - *NAVAIR ... Safety > Readiness (Near > Far Term) > Performance > Everything Else ... based on reported problems or risk assessment*
 - *NAVSEA ... Quantitative Scorecard By Cognizant Warranted Technical Authority ... based on evaluation criteria*
- **Perception ... DSP Procedures Disconnected From Realities**
 - **Non-Value Added/Marginal Procedures & Administrative Requirements**
 - **Few “Meaningful” Metrics**
 - *Cost, Use/Value/Importance to User, Quality/Problems, etc*
